***** ADDENDUM *** ADDENDUM *** ADDENDUM ***ADDENDUM*****

SOLICITATION: DG5507
DUE DATE: 10/12/2004
TIME: 3:00 P.M.

DESCRIPTION: LONG DISTANCE, 800 SERVICES ETC.

ADDENDUM #1

The following are changes to be added to the specifications/requirements for this proposal:

1. RFP Questions and Corresponding Answers are attached, as well as tabulation spreadsheets.
2. The due date and time have been extended to October 12, 2004 at 3:00 p.m.
3. With purchasing questions contact Debbie Gundersen at 801-538-3150.

*****END OF ADDENDUM*****

To acknowledge receipt of addendum, include a copy of this addendum with the proposal submittal or give written acknowledgment with the proposal. It shall be the responsibility of the respondent to appropriately disseminate this information to all concerned prior to the assigned due date and time.

**Statewide IntraLATA, Interstate
Long Distance, 800 Services, etc.
Request for Proposal
Solicitation Number: DG5507**

Addenda 1

Q-1. Will the State consider extending the due-date to October 15th?

A-1. Proposals are now due October 12th (all bids and proposals must be due on a Tuesday).

As was stated in the original RFP document, "An actual cost "configurator" is being developed and will be provided in an RFP addenda." Therefore, at least one more RFP addenda will be posted on State Purchasing's web site. This may take upwards of three weeks. The October 12th due-date may be extended if completion of the cost "configurator" demands substantial bidder effort/time.

Q-2. Scope of Contract 1.6 – To get the most competitive pricing, a supplier may offer discounts based on quantity. Would such offers be deemed to be non-compliant?

A-2. Such offers would be deemed to be compliant. Any offer to reduce costs is encouraged if such offer(s) apply to all prospective users, e.g., political subdivisions as well as the State of Utah, of contract(s) that result from this RFP.

Q-3. Executive Summary (page 4, Item 2.3 B): requires pricing. Since pricing is requested for more than 20 items (Attachment III), the Executive Summary could be quite long. May we separate the Executive Summary narrative (solution summary), and follow with a pricing summary?

A-3. Yes

Q-4. Item 2.3.C.1 Response to specifications and requirements reads "Accept and comply – This response should be followed with a brief and concise explanation that sufficiently details your ability to meet the specified requirements(s)".

- Is this applicable to informative Sections (i.e. Section 2. General Requirements)? Could the offeror respond with "Accept and comply"?

A-4. If "Accept and comply" satisfactorily addresses an item, element and/or specification, then simply use it (Accept and comply). If, however, a more detailed response seems appropriate, then provide additional detail as applicable.

- Q-5.** Item 2.12 Service Years refers to the importance of selecting a “viable and financially stable organization(s)”.
- Will you please further define viable and financially stable (i.e. cash flow specifics, money being invested on future and existing network, system and or other significant improvements)?
- A-5.** Evaluators will invoke standard accounting principles, etc. when evaluating prospective suppliers. Bidders are encouraged to include examples of their company’s present/future plans to invest in their networks, systems, etc. and/or other significant enhancements. Solid validation (substantiation) must be included with any such claims.
- Q-6.** Fixed Fees, Surcharges Section 2.16 – The RFP requires us to offer Not to Exceed (NTE) rates for certain variable surcharges, such as USF. Will the NTE rate be used in price evaluation when the actual rate will be what is billed?
- A-6.** Not to Exceed (NTE) means Not to Exceed. That is, bidders and subsequently contract awardees will not be permitted to assess actual billed fees, surcharges, etc. if they exceed Not to Exceed fees, surcharges, etc. As stated in the RFP specification, “If you take exception with this requirement, then describe in detail any exceptions including when and why they would occur and how the State will be notified.”
- Q-7.** Network Traffic Section 3.2 and 3.3 - What is the trunk configuration supporting the 288 Non-Network locations with Avaya G3 switches? What is the trunk configuration for Long Distance trunks and Local Trunks? What is the configuration for Direct Inward Dial lines?
- A-7.** The State utilizes: 1) analog out-bound and Direct-Inward-Dial (DID) trunks at small to medium sized agency locations and 2) digital ISDN – PRI T1 (Call-by-Call; B8ZS/ESF) facilities at approximately 60 of our larger agency locations.
- Q-8.** Network Traffic Section 3.2 and 3.3 - Are the 800 numbers terminating to dedicated T1's at different locations around the state? If so can we get a list of the locations and how many T1's are used to terminate the 800 traffic? Are the 800 numbers terminating to DID lines?
- A-8.** State of Utah dedicated T1 800 service terminates at two locations, specifically: 14 at the State Capitol Complex, 450 N State Street, Salt Lake City and 2 at the Canon Health Building, 288 N 1460 W, Salt Lake City. Dedicated toll-free traffic terminates on T1 facilities and switched toll-free traffic terminates on DID/POTs trunks/lines.
- Q-9.** Can we obtain a distribution of the switched international calls by country?

As each country rate is different, we would need that to evaluate the rates we could offer.

A-9. Switched international call detail for the period April 2003 through March 2004 is delineated in an Excel spreadsheet entitled "LD & 800 RFP – DG5507 (2004) Addenda 1 Q&A"; refer to the spreadsheet tab entitled "Switched - International". Be Aware – The "Switched International" spreadsheet tab is 175 pages long. Therefore, if you want the spreadsheet, then you must e-mail Annette Madrid (amadrid@utah.gov) or Bill Theel (btheel@utah.gov). **Be advised, Bill Theel will be out of the office during the period 9-9-04 through 9-15-04.**

Q-10. With regard to calling card traffic, is that international origination, or international termination? Can we get a distribution by country?

A-10. Calling card international call detail for the period April 2003 through March 2004 is delineated in an Excel spreadsheet entitled "LD & 800 RFP – DG5507 (2004) Addenda 1 Q&A"; refer to the spreadsheet tab entitled "Calling Card - International". If you want the spreadsheet, then you must e-mail Annette Madrid (amadrid@utah.gov) or Bill Theel (btheel@utah.gov).

Q-11. Can you provide the address and/or NPA/NXX for the 74 political subdivisions that are currently using the State's existing contract?

A-11. Political subdivisions presently using the State's long distance contracts are delineated in an Excel spreadsheet entitled "LD & 800 RFP – DG5507 (2004) Addenda 1 Q&A"; refer to the spreadsheet tab entitled "Political Use of LD Contracts". Address and/or NPA/NXX information is not available. Keep in mind that political subdivisions are not obligated to use statewide contracts. If you want the spreadsheet, then you must e-mail Annette Madrid (amadrid@utah.gov) or Bill Theel (btheel@utah.gov).

Q-12. 3.2, 3.3 and 3.4 – Each of these sections references International calling. Can you please outline those countries that would be called most frequently?

A-12. Countries called most frequently can be found in the Excel spreadsheet entitled "LD & 800 RFP – DG5507 (2004) Addenda 1 Q&A"; refer to the spreadsheet tabs entitled "Switched - International" and "Calling Card - International". If you want the spreadsheet, then you must e-mail Annette Madrid (amadrid@utah.gov) or Bill Theel (btheel@utah.gov).

Q-13. 3.6 – With regard to Audio/Video Conferencing, please confirm that the only usage-based portion of these services is the Audio Conferencing. I ask because if there is a usage component to the video conferencing, the States average usage has not been listed.

- A-13.** Correct, the only usage-based portion is for audio conferencing. A usage component for video conferencing is not available.
- Q-14.** State Provided Access Sec. 4.2 – It is difficult to say how State provided access would affect our pricing. Would responding with Individual Case Basis (ICB) pricing make our proposal non-compliant?
- A-14.** Yes
- Q-15.** For Item 4.8 (Licensing Requirements) on page 12, what form of evidence is acceptable? Tariffs? For non-tariff items?
- A-15.** An acceptable form of evidence would be your company's PSC application docket number, the date of application and the date your company's current certificate was granted.
- Q-16.** For Item 5.1.2 on page 16, how are these dedicated service lines being provided today?
- A-16.** Disregard any reference to (use of) "High Capacity Service" (Item 5.1.3). "High Capacity Service" is no longer applicable. Consider all "High Capacity Service" as "Dedicated Service" that terminates on T1 facilities.
- Q-17.** For Item 5.17 on page 18, are you using recorded announcements today?
- A-17.** Yes
- Q-18.** For Item 9.1 on page 21, are you asking that Web conferencing be utilized from an existing bridge?
- A-18.** No, we simply want that conferees be able to use the same bridge telephone number as well as the same participant and host codes for conferee's ease of use.
- Q-19.** For Item 9.2.3 on page 22, this appears to be an IT computer maintenance issue and not a web hosting issue. Can you explain further?
- A-19.** Bidders are being asked to describe their ability to provide the functionality "vehicle" whereby a host could remotely take over a participant's (user's) desktop.
- Q-20.** For Items 11.6.17.1 - 3 on page 28, can you clarify the requirements? Does each user/host need to be identified by phone number?
- A-20.** Items 11.6.17.1 – 3 seem "clear" as written. However, for greater clarification, with regard to Item 11.6.17.1, change "individual's name" to "organization's name" and/or "party's (parties') name".

Q-21. For Item 11.16 on page 29, how is network being define? Does this refer to the access portion of the service only or the network as a whole?

A-21. The network as a whole.

Q-22. For Item 11.30 on page 32, can you explain further, "Describe the method you utilize to analyze and reconcile billing data." Are you asking how our billing systems work, or is this a post bill activity you are looking for?

A-22. Disregard this specification.

Q-23. 13.1 (Termination Without Liability) reads as follows: "The State may terminate service, in whole or in part, without liability, upon 60 days written notice if contract awardee increases costs or decreases services provided under this contract without the State's prior consent."

- Please provide examples of what the State would consider a "decrease" in services.
- If a vendor discontinues a low-demand service upon reasonable notice to the State, could that result in the State's termination of unaffected services?
- Under the circumstances described in the previous question, could the vendor be liable for the costs described in Article 13.2 ("costs associated with changing the service to another supplier")?

A-23. **Question 1:** Examples of service decreases would include:

- a) If a contractor is providing Interstate LD service, then subsequently decides that they can no longer provide the service to one or two specific states;
- b) If a contractor is awarded a contract for three services, then subsequently decides that they can no longer provide/support one of the contract services, for example, they can no longer provide/support audio conferencing service;
- c) If a contractor provides substandard service, for example, directory assistance is not being provided in a timely and consistent manner.

Question 2: Yes. Although, the State would be willing to discuss with the supplier those situations involving discontinuance of low-demand service(s) to determine if the State is willing to drop a specific service and still continue the contract.

Question 3: Yes

Q-24. Several prospective bidders asked questions pertaining to Item 13.2 Termination by Contract Awardee; their questions follow:

Can you please clarify under what circumstances this clause would apply. Under what circumstances could the Supplier terminate the contract

without being in breach? Please clarify this provision.

Section 13.2 is not clear under what circumstances this provision would apply. Could you please clarify?

- Please explain the title of this provision (Termination by Contract Awardee). What, specifically, is contemplated by the State?
- Please provide an example of circumstances contemplated by the State under which the Awardee would terminate the contract.
- Please provide an example of the circumstances contemplated by the State under which the Awardee would pay the costs associated with changing the service to another supplier.
- Please provide examples of the costs contemplated by the State.

A-24. This specification applies if a contract is terminated for cause. The State would need to justify the “cause”.

Q-25. Item 13.6 Testing reads as follows: “The State reserves the right to have any or all of the equipment and/or software provided by contract awardee independently tested and evaluated. Contract awardee must replace, at no cost to the State any equipment and/or software found to be non-compliant and reimburse the State for any testing that reveals non-compliant equipment and/or software.”

- This vendor does not anticipate that the services contemplated by the RFP will entail the use of customer-premise-based equipment or software. Please confirm that this provision is, in fact, applicable to the services solicited under the RFP. If it is not applicable may we remove the question?
- If applicable, please provide examples of the equipment and software contemplated by the State.
- If applicable, please provide the criteria the State will employ to determine “non-compliant” status.

A-25. Equipment and/or software, e.g., audio/video bridging equipment, may be required at some point during the term of the contract. Substandard equipment, software and/or associated service support that goes unresolved for a reasonable period of time would be considered by the State to be “non-compliant”.

Q-26. Service Agreement/Work Order Terms Section 13.8 – Could you please clarify what is meant by Service Agreement or Work order terms? Are you referring to Service Level Agreements or product descriptions?

A-26. Service agreements and/or work orders are bidder (supplier) documents that have associated with them binding Ts & Cs that cover work performed on behalf of the State/political subdivisions that would use the LD contract(s).

Q-27. Proprietary information – will Supplier have an opportunity to justify or challenge the release of information marked proprietary in its proposal prior to the State of Utah releasing it to the public? If so, how much time will be allowed?

A-27. No – State Purchasing has the final determination but will review proprietary information with the bidder (supplier) before it is released.

Q-28. Will taking exception to any particular term contained in the Standard Terms and Conditions render Supplier's proposal non-compliant?

A-28. Potentially Yes – Some Ts & Cs are non-negotiable.

Q-29. May we bid on some items and not others?

A-29. Yes

Q-30. Will this be a multiple awards contract?

A-30. The State reserves the right to award to a single supplier or to multiple suppliers.

Q-31. If additional questions should arise at a later date, can we submit them for consideration?

A-31. No

Q-32. Will the State of Utah consider changing the evaluation criteria to weigh Maintenance/Warranty responses to 20% and Technical responses to 10%?

A-32. No

Q-33. Regarding the table for 800 service: Are the dedicated lines SAL (DSO)? If so, how many of them are there?

A-33. "High Capacity" is no longer applicable. Consider all "High Capacity" as "Dedicated" that terminates on T1 facilities.

Q-34. Do any of the agencies use authorization codes to identify the caller when dialing long distance? If so, we need to know how many and what type i.e. 3 digit unverified, 4 digit verified, custom account codes, etc.

A-34. Yes – Some political subdivisions use 4-digit unverified (unvalidated) and some use 7-digit verified (validated) authorization codes. The State of Utah does not presently use authorization codes. With the multiplicity of potential statewide contract users, e.g., political subdivisions as well as

the State, many and varied “viable” authorization code options will likely be needed.

Q-35. Invoicing – If the Supplier offers an alternate electronic version of the “official” invoice, is a paper invoice still required?

A-35. Conditional “No” – If the successful bidder’s (supplier’s) alternate electronic version is determined to be acceptable by Information Technology Services’ (ITS’) Accounting personnel after they have had sufficient time (post-award) to evaluate it, then a paper invoice would not be required.

Q-36. How does the State of Utah want the Supplier to pass through after imposed taxes or surcharges, such as were levied after 9/11?

A-36. Any such taxes and/or surcharges would need to be itemized (clearly identified) on their bill.

Switched - International

Date: 9-8-04

Note to Bidders: Feel free to sort this spreadsheet however you choose so as to draw from it whatever information you deem necessary.

This spreadsheet covers the period April - 2003 through March 2004.

FYI - This spreadsheet consists of 175 pages.
